MARYVILLE COLLEGE

FOUNDED 1819

Maryville College is officially accredited by the national, regional, and state accrediting bodies. It is included in the approved list of the Association of American Universities; is a member of the Southern Association of Colleges and Secondary Schools, the official accrediting body for the South; is an associate liberal arts college member of the National Association of Schools of Music; is approved by the American Medical Association, the State of Tennessee Department of Education, and the other principal educational associations and institutions.

Maryville College is also an institutional member of the American Council on Education, the Association of American Colleges, the American Association of University Women, the National Conference of Church-Related Colleges, the Presbyterian College Union, the Pan-Presbyterian College Union, the Tennessee College Association, and other important groups. Its place in the fully approved list of the American Association of University Women means that Maryville College alumnae are eligible for membership in the local chapters of the Association throughout the country.

Maryville College is Christian, although not sectarian, in its purposes, program, and teaching. Throughout its history it has been connected organically with the Presbyterian Church in the U. S. A., and its Directors are elected by the Synod of Mid-South.

THE FARBMAN STRING SYMPHONY

GENERAL INFORMATION

Maryville College, which was established in 1819 by the Synod of Tennessee of the Presbyterian Church in the U.S.A. to which it is still related, is a four-year, liberal arts, coeducational institution of higher learning, offering in course the degrees of Bachelor of Arts and Bachelor of Science in Home Economics. Its average annual enrolment during the past decade was 816, one half its students coming from the States touched by the Southern Appalachian Mountains but all together representing 45 States and foreign countries; in religious affiliation 99% were Protestants and 51% Presbyterians.

PURPOSE

The dominant purpose of the institution is to provide a college education of high academic quality, under conditions which develop Christian belief, character, and service ideals, financially within reach of young men and young women of small means as well as those of ample means. It is the effective combination of high scholarship standards, low expenses, and positive Christian emphasis that makes Maryville one of America's unique colleges.

ACADEMIC STANDING

Maryville College is on the official lists of institutions accredited and approved by the principal national, regional, and state educational bodies, as reported on the inside of the front cover of this Catalog, thus having a rating of the highest available to liberal arts colleges.

LOCATION AND PLANT

The College is at Maryville, Tennessee, sixteen miles from Knoxville, near one of the two main Tennessee entrances to the Great Smoky Mountains National Park. Maryville, its twin city of Alcoa which is the site of large aluminum plants, and their environs have a population of about twenty-five thousand.

The Maryville College campus of 320 acres, at an elevation of one thousand feet, is one of unusual natural beauty. Approximately one third of this area constitutes the central campus on which are twenty buildings, the athletic fields, tennis courts, and a golf course; one third the College Woods; and one third the college dairy farm.

Buses run between Knoxville and Maryville hourly until ten o'clock at night and from Chattanooga and Atlanta through Maryville at scheduled times. Baggage and freight reach Maryville over the Southern and L & N Railroads but there is no passenger train service beyond Knoxville. The American, Delta, and Pennsylvania Central Airlines have daily planes to the Knoxville municipal airport four miles from the Maryville campus.

Students' mail should be addressed to "College Station, Maryville, Tennessee," with the name of the dormitory and room number. There is a branch post office on the campus.

CURRICULUM

Maryville College offers instruction in twenty-five subject-matter fields and majors in the following twenty-two fields: Art, The Bible and Religion, Biology, Chemistry, Dramatic Art, Economics, Education, English, French, German, Greek, History, Home Economics, Latin, Mathematics, Music, Philosophy, Physics, Political Science, Psychology, Sociology, and Spanish. Foundation courses are offered for those planning to prepare for the professions of Medicine, Engineering, Law, the Ministry, and the like. Maryville gives the degrees of Bachelor of Arts and Bachelor of Science in Home Economics.

ROOMS AND BOARD

All students not residing at home while attending the College are required to room in the dormitories and board in the college Dining Hall, except by special permission granted only in unusual circumstances. There are no social fraternities or sororities.

SELF-HELP

The student-help program at Maryville College is an integral part of the institution. Normally three fourths of the students enrolled each year participate in it. The assistance provided is in the forms of (1) compensation for employment, (2) short term loans, and (3) occasional grants of money. A bulletin "The Student-Help Program at Maryville College," will be sent on request.

THE RELIGIOUS PROGRAM

Under Christian Directors and Faculty, Maryville endeavors to include within its program not only those factors which produce scholastic excellence, but also those which have proved effective in developing Christian character and loyalty. Among these are: a Christian approach in all fields of instruction; required and elective courses in Bible, Religious Education, and Christian Thought, for which there is a full instructional department; daily chapel and Sunday church services with attendance required; the ministry of a college pastor; the annual "February Meetings" during ten days of special spiritual emphasis; the "Maryville College Parish" program; permanent and active student Christian associations. To help young people to be intelligent, honorable, self-reliant, wholesome, useful, Christian, is Maryville's aim.

WAR-TIME PROGRAM

In the nation's total war effort colleges have a vital part and are vitally affected. They are the centers of training for both war service and post-war service. Maryville College early began to adapt its program to render a maximum service to young men and women and to the nation in these times. It is one of the vigorous, ongoing institutions of the war period. Its basic purpose is unchanged. It is maintaining at full strength its established schedule of liberal arts courses and its historic standards of scholarship, culture, and character. At

the same time the schedule has been extended and accelerated. The College today offers:

(1) The Standard Program which anticipates graduation in the usual period of four years. This constitutes the largest part of the total program of the College.

(2) The War-Time Accelerated Program by which continuous attendance throughout the year, except for brief vacations, enables a student to complete graduation requirements in a minimum time of two years and eight months. It is a war-time program and its continuance will depend upon the need for it.

(3) The Army Air Forces College Training (Preflight) Program was inaugurated in March 1943 and is operated by the College under contract with the United States Government. The men assigned by the Army are in uniform and have separate dormitory and dining hall arrangements, separate classes taught by members of the college faculty, flight training at the nearby airport, and military training under a staff of army officers who maintain a military schedule and discipline. The presence of the army program does not reduce the regular college offerings and standards, and yet represents a major service by the College to the war effort.

EXTRA-CURRICULAR ACTIVITIES

These include a wide variety of opportunities for participation in athletics, musical organizations, forensics, dramatics, religious groups, student publications, literary and social societies, and the other activities found at a long established college of Maryville's size and type. Intercollegiate athletics in operation up to this time must now be suspended until the war is over, but there is a strong intramural program, open to all, and most of the other extra-curricular activities will continue.

THE LIBRARIES

The Maryville College Library in Thaw Hall of more than 50,000 books is open daily and available to all students. The James R. Hills Loan Library and the Bookstore rent textbooks to the students for about one fifth of their sale price and sell all necessary supplies.

COLLEGE REGULATIONS

The booklet entitled "Standards and Requirements" and the dormitory bulletins contain a list of the regulations concerning scholarship, attendance, and general activities. Attention is called to the following regulations which may not be found at all colleges:

Students are required to take courses in Bible and to attend daily chapel and Sunday services in some church of one of the Christian denominations; students not residing at home while attending the College are required to room and board on the campus, except by special permission granted only in unusual circumstances; use of tobacco on the campus is forbidden; there are no social dances; out-of-

town students are not permitted to have automobiles while at the College.

Application for admission to Maryville College includes the pledging of loyalty to the College and its standards; those who are out of sympathy with the institution's ideals, methods, or rules, or who for any reason do not expect to abide by and support them, are requested not to enroll.

ALUMNI ASSOCIATION

The Alumni Association was formed in 1871. It holds its annual meeting on the evening before Commencement Day, when a dinner is given by the Association. The officers for 1942-1943 are as follows: President, John C. Crawford, Jr., '27; Vice-President, Mary Goddard, '09; Recording Secretary, Winifred L. Painter, '15; Executive Secretary, James R. Smith, '35; Executive Committee: Class of 1943: Rachel M. Edds, '27, Donnell W. McArthur, '37, Charles F. Webb, '27; Class of 1944: James P. Badgett, '36, C. Louise Carson, '30, Mrs. Nina Gamble Murphy, '35; Class of 1945: Andrew L. Alexander, '34, Mrs. Ruth Quinn Greene, '22, Mrs. Bessie Henry Olin, '20.

During recent years Maryville College Clubs, composed of alumni and former students, have been formed in various sections of the United States. Other such organizations will be formed in the future.

REQUIREMENTS FOR ADMISSION

NOTE: Each applicant for admission should send for a copy of the published "Standards and Requirements," and should enter the institution only if he is prepared to meet the requirements set forth therein.

ADMISSION TO THE FRESHMAN CLASS

Application.—Freshmen may enter at the beginning of either semester (September or January) or the summer session. An applicant for admission to the freshman class must make formal application on the blank provided by the College for that purpose, copy of which is to be found inside of the back cover of this Catalog. In acknowledging the application the College will send information as to the further steps necessary for actual acceptance as a student.

Minimum Requirements.—(1) Graduation from an accredited four-year high school or other preparatory school, or in exceptional cases equivalent preparation shown by examinations; (2) fifteen acceptable units, including at least three in English, two in Mathematics, and not more than four of the fifteen in vocational subjects; (3) rank in the upper two thirds of the graduating class; (4) satisfactory testimonials.

Required Credentials.—Before a student can be accepted the following credentials must be received and found satisfactory by the College: (1) Application Blank, (2) High School Certificate of Credits, (3) Information from Applicant, (4) Information from Parent or Guardian, (5) Information Sheets from two references. All of these and instructions about their use are furnished by the College.

ADMISSION FROM OTHER COLLEGES

Students applying for transfer from other recognized colleges must present (1) certificate of credit with statement of honorable dismissal, (2) a scholarship average of C or above for all college work thus far undertaken. Credits and grades are accepted tentatively and are dependent on the quality of work done at Maryville. Work of D grade is not accepted in transfer. Graduates of junior colleges are accepted on the basis of a satisfactory record of college work, and ordinarily are eligible for classification in the junior class.

ADMISSION OF SPECIAL STUDENTS

Applicants over twenty-one years of age who have not completed the standard preparation but who are able to demonstrate ability for college work, may be admitted to college classes as special students under certain conditions.

REQUIREMENTS FOR GRADUATION

Minimum Requirements for both degrees of B.A. and of B.S. in Home Economics: (1) the completion of at least 122 semester hours of academic work with a general grade average of C or above for all hours completed; (2) eight semester hours of credit in Physical Education; (3) satisfactory performance in a comprehensive examination in the senior year; (4) at least two semesters' residence work at Maryville College; (5) in case of graduates of junior colleges at least sixty semester hours' work at Maryville.

General Requirements for both degrees: (1) Bible, 10 hours; (2) English, 12 hours; (3) Foreign Language, 12 hours; (4) History, 6 hours; (5) Philosophy, 6 hours; (6) Physical Education, 8 hours; (7) Science and Mathematics, 12 to 16 hours.

Majors.—Near the close of the freshman year each student registers his choice of a major subject. The requirements are a specified number of hours in the major subject and certain related courses. The number of hours differs in different subjects, ranging from eighteen to thirty hours above the "100" courses. Students transferring from other colleges are required to complete at least twelve hours of their major subject at Maryville.

Organization of the Curriculum for purposes of administration is on the divisional plan; there are six divisions with the various fields of instruction appropriately grouped as follows: (1) Division of Languages and Literature; (2) Division of Bible, Philosophy, and Education; (3) Division of Science; (4) Division of Social Sciences; (5) Division of Fine Arts; (6) Division of Physical Education, Hygiene, and Athletics.

Pre-Professional Study.—The Maryville College offerings include those essential to what is usually termed pre-professional training. Maryville College, being on the list of Association of American Universities, American Medical Association, and other professional associations, is fully approved as an institution for preparing students for graduate and professional training. Maryville has long been a leading institution for the training of teachers.

Supplementary Procedures.—Maryville College employs the best supplementary educational procedures which have been developed in the college field, such as the English Placement, Scholastic Aptitude, and Reading tests given new students at entrance; the National Cooperative Tests for Sophomores; comprehensive examinations for all seniors; remedial reading classes; a carefully planned orientation and guidance program for freshmen; vocational interest tests; honors work for superior students.

For violin students: one hour a day	3.00
two hours a day	4.50
Organ Rental (one hour a day)	10.00

ADVANCE DEPOSIT REQUIRED

OF NEW STUDENTS: $10. An applicant is not assured of admission until (1) all of his credentials are received and approved; and (2) this $10 deposit is received and accepted; provided, (3) both credentials and deposit are accepted before enrolment is full.

OF OLD STUDENTS: $10. Unless this deposit is sent to the College at least 15 days before the opening of the semester or term, a student is not assured of a place in the classes for which he may have registered at the time of the advance registration.

In the case of both old and new students, the required advance deposit of $10 reserves a place in classes and a room in a dormitory as long as rooms are available. Rooms cannot be reserved until this deposit is received and will not be held beyond twelve o'clock noon of the first day of classes in the semester or term unless the full room rent has been paid. The $10 deposit is held by the College until the close of the Spring Semester, when it is refundable with such deductions as are necessary. This deposit covers laboratory breakage, key deposit, and any other miscellaneous items for which special payment may be due from the individual student.

TERMS OF PAYMENT

The expenses itemized or referred to on the preceding page are payable at the College Treasurer's office at the beginning of each semester or term. All bills must be paid in advance, or in instalment payments in the form of loans arranged for in advance.
